

Notice for Website – Ofsted Inspection of our School

Latest News

We have just been told that we are to have an Ofsted Inspection starting tomorrow [Tuesday 11th March and Wednesday 12th March]. The Inspectors will be on site looking at all areas of our school and supporting us in celebrating what we do best and also verifying the areas that we are continually focussing on to improve.

I would encourage you to play your part in the whole process by completing a Parental Questionnaire on the Ofsted Parent View website which can be linked from here:

<http://parentview.ofsted.gov.uk/>

We are immensely proud of our students and our school and look forward to working with the inspectors in ensuring we celebrate our successes and develop further our key areas for improvement.

If you wish to speak with the Inspection Team while they are at school please feel free to ring school reception on 0161 241 9555 or e-mail admin@gaa.org.uk and a member of the inspection team will be able to return your call.
